FASHIONS

A jaunty poster girl adorns the cover of the July issue of "Fashions." The contents of the number present a rare combination of pictorial beauty, fine literary tone, and succinct descriptions of the fashions prevailing in the American metropolis and in those standards of taste in wearing apparel, London, Paris and Vienna. The designs are especially chic, and the contents, as always, the original work of original writers.

The opening article is a particularly valuable one by that matriarch among American women, Mrs. Mary A. Livermore, on "The Solidarity of our Social Life." Maria Louise Pool contributes a bit of graceful fiction. An article full of helpful suggestions is "Rest, and How to Take it Most Beneficially." Mary Gay Humphreys, Helen Marshall North, and other well known writers deal with topics of general interest.

Taken column for column it may be said that "Fashions" has no equal in the field it purposes to cover.

NOT FOR CORBETT.

He Will Not Be Senator for Awhile, at Least.

Mr. Hoar's Report in His Favor Not Received With Favor by the Election Committee.

WASHINGTON, June 25.—The senate committee on privileges and elections today considered briefly a report prepared by Senator Hoar in the case of Hon. H. W. Corbett recommending that Mr. Corbett be seated as a senator from Oregon. The committee declined to act upon the report beyond ordering that it be printed for the use of the committee together with any views which might be submitted by members opposed to Mr. Corbett. The result of this proceeding will be to postpone further consideration of Mr. Corbett's claims until the next session. There was no formal expression of the committee to this effect but there is a general understanding that such is the case.

The resolution of Mr. Hale, of Maine, relative to restricting the privileges of ex-senators on the floor of the senate to those not interested in legislation and claims, was referred without comment to the committee on rules.

Consideration of the wool schedule was resumed at paragraph 370, relating to aubusson, axminster, moquette and chenille carpets. Mr. Vest, of Missouri, moved to strike out the specific rate. The vote was 17-24, four short of quorum. There was some delay in announcing the result, owing to the anxiety to secure a quorum, but Mr. Vest insisted on a speedy announcement, remarking that the suffering country could not wait while republican senators mustered a quorum. When the want of a quorum was announced Mr. Vest derisively said:

"And this with the country just wallowing and dying while the bill waits."

"The senator is out of order," interposed Mr. Chandler, jocularly.

"And so is the country," added Mr. Gray, of Delaware.

A call of the senate brought fifty-two senators to the chamber and Mr. Vest's amendment was then rejected—21 to 26.

SACKETTVILLE, W. Va., June 25.—Clark Lewis was hanged here today, at 12:40 p. m., in public, before a large and orderly crowd, in a natural grove. The condemned man sang on the scaffold. Says the President Has No Plan to Purchase Cuba.

The Big Boss Denies That There Was an Implied Insult to McKinley in the Ohio Platform.

CLEVELAND, Ohio, June 25.—Senator M. A. Hanna was asked this morning whether there was any truth in a telegraphic statement that President McKinley is considering a plan whereby the freedom of Cuba is to be purchased from Spain for $100,000,000, the amount to be secured by Cuba. "The statement is not authoritative" said he.

Mr. Hanna denied that the statement was a veiled slight to McKinley in the omission of his name from the state platform.

HANGED BY A MOB.

Swift Punishment Meted Out to a Murderer.

Although Guarded by Armed Men He Could Not Be Saved—Another Legal Hanging.

JACKSON, Miss., June 25.—A negro named Moses, who killed farmer John Strong near Crystal Springs, Miss., a few days ago, and who was arrested at that place yesterday and confined in jail, was hanged by a mob at 7:50 o'clock this morning. The negro had been guarded by 100 armed men since yesterday, and two calls for troops from the sheriff had been sent, but owing to the absence of Governor McLaurin and the fact that it was impossible to establish communication with Lieutenant Governor Jones, who is at his home in Woodville, the troops did not start for the scene until this morning, when the moving order was received. The troops were stopped as they were boarding the train.

A LEGAL HANGING.

Finding the family at supper, he fired at Dave Irvin, but missed him, killing the latter's brother, Joseph.

THEY ALL SHOT.

Night Policemen Take an Afternoon at Target Practice.

The members of the Fort Wayne night police force were out to Centlivre park yesterday afternoon learning to shoot—not the can, nor their mouths nor firecrackers, but their revolvers. Target practice has become a part of the routine of police drill in other cities and Fort Wayne has caught up with the procession. The work yesterday was satisfactory, but will be improved by future practice. They will shoot again next Thursday. In yesterday's practice Night Clerk Langard made the best record. Patrolman Spillner performed the most accurate work in any single trial.

After the shooting the squad divided into two nines and played base ball, Sergeant Daseler and Detective Coling chosing sides respectively. The batteries were Coling and Langard and Daseler and Elliot. At the end of the fourth inning the game was called with the score a tie at eight runs each.

MAY BE FATAL.

Bicyclist Hurt in a Collision With a Horse.

Clarence Cook, of Wolcottville, Has His Skull Fractured on Calhoun Street and May Die.

A shocking bicycle accident occurred at 11 o'clock this morning at the corner of Calhoun and Washington streets, a rider colliding with a horse and light wagon. The man on the bicycle was Clarence Cook, of Wolcottville, Ind., and he is at Hope hospital with a fractured skull, which the doctors say may prove fatal.

Cook was coming north on Calhoun street, and at the corner of Washington encountered a horse driven by Emil Richter, a young man employed on the Gable dairy farm. Horse and bicycle came together, and the horse, rearing high into the air, brought one of its hoofs down with crushing force on the unfortunate cyclist's head, crushing the skull. The young man rolled unconscious on the pavement, where he was picked up and carried to the Kellar pharmacy. A few minutes later he was taken to Hope hospital, where he was attended by Drs. Porter, Heaton and English.

Richter, who was driving the horse, was much broken up by the occurrence, but awaited until the man's injuries were ascertained and gave all the information required of him by Coroner Kappel.

Cook and another young man named Engene Novitt came down from Wolcottville on their wheels last evening and remained in the city over night. Cook was just starting home when the accident befell him. Novitt intended to remain in the city until this afternoon to get his wheel repaired.

BADLY INJURED.

A painful accident occurred at the east yards yesterday, by which a young lady was badly injured. Mr. Brewman's family, living southeast of Fort Wayne, were driving to the city and when near the Findlay crossing the team took fright at the engine hauling the Findlay local. The Brewman boy, aged about seventeen, jumped from the carriage to hold the horses' heads, when one of the animals plunged, overturning the vehicle and throwing Mrs. Brewman and her daughter out. The young lady was hurled into a barb wire fence and had her face and arms shockingly lacerated. They drove into the city and sought a physician.

The Wabash company had a long agreement before the board that it wanted signed before it would give the city the right to build a twelve-inch sewer under its tracks near Walton avenue. The board turned the document over to the city attorney for his judgment.

Mr. Mr. Pape, it is understood, has indicated that he will sell the land to the city for $2,000 per acre. The value of the territory may be better determined when the rock well has been completed.

I. O. O. F. DECORATION

Interesting Ceremonies at New Haven Sunday.

Fort Wayne Members Take a Prominent Part—Address Delivered by Enoch Cox—Many Visitors Present.

The Odd Fellows of New Haven observed Decoration day last Sunday and a number of Fort Wayne members of the order were present to assist. The New Haven News has this to say of the ceremonies:

"The attendance here Sunday was the largest of any Decoration day of the order and the program was carried through without any interruption. Visitors were present in goodly numbers from Fort Wayne, Monroeville, Maples and other lodges, and Fort Wayne Canton, No. 17 came down in a body also. There was a generous outpouring of the people of this section, and all in all the memorial services of 1897 were a little better than any preceding year. Maumee lodge, K. of P., had thirty-three members in line and there was a long line of vehicles.

"The procession was formed shortly after 2 p. m., in the order outlined and proceeding to the cemetery, the ritualistic services were gone through with after the hollow square had been formed. Past Grand Master Enoch Cox, of Fort Wayne, was the orator of the day, and he made a most excellent address and a very favorable impression upon the large audience present.

"Many good points were brought forth in his address. He referred to the objects of the order and these memorial services and also the great good the Independent Order of Odd Fellows has accomplished since its organization in this country nearly four score years ago. His remarks were well received and the people were well pleased.

"The ritualistic exercises were interspersed with some excellent music by a quartet composed of Mrs. J. R. Hartzell, Miss Lilly Miller, F. G. Rogers and B. M. Gorrell. Miss Ida Helmick presided at the organ. This feature of the progaam was exceptionally pleasing and elicited many favorable remarks from those present. The selections were all well rendered and the last one on the program was very beautiful.

"The band from the state institution for feeble minded youth was present and made excellent music, considering the unfortunate mental condition of the members. Henry R. Grodzik, the instructor, deserves much praise for bringing the boys up to their present musical standard.

"After the masterly address by Brother Cox, the proclamation of the grand sire was read, followed by the sentiment service by the members of New Haven lodge, I. O. O. F., and Charity lodge, D. of R. This was followed by music by the quartet, the general decoration of the graves, dirge by the band, the procession reformed and returned to the hall and the memorial services of 1897 were a matter of history."

BOY THIEVES

Doing Much Petty Stealing in Fort Wayne.

The Police, as Well as Citizens, Annoyed by the Depredations of Bad Youngsters.

The police are much annoyed by the numerous cases of petty stealing that are reported almost daily to the station. There is no question that it is the work of gangs of boys of rather tender age, who seem to be educating themselves for careers of crime. Boys who have been arrested for stealing have been dealt with so leniently by the courts in many cases during the past few months that the police have a hard time discouraging youthful offenders.

James Powell, a well dressed and intelligent colored man, who claimed Paulding, Ohio, as his home, was arraigned in police court this morning for train climbing. He was en route home from Michigan and got broke. Acting Mayor Bullerman let him go. John Gannon, a drunk, was sent to jail.

Charles Trevey, of 46 Burgess street, reported to the police last night that his horse and buggy had been stolen. The rig was found after midnight on Creighton avenue. It had been driven off by some one.

The police arrested several small boys who were in swimming in the north side basin yesterday and let them go with an admonition.

Officer Pageler found a pocketbook containing a sum of money which the owner can recover at the police station.

THREE JAGS AND A BOTTLE

Made the Night Hideous in the Extreme West End of the City.

Emmett, Bill and Fritz are the names of three bicyclists who camped all night under the electric light at the extreme west end of West Washington street last night. In addition to the trio a large bottle figured conspicuously in the night's events. Bill's vocabulary of "cuss words" far exceeded that of Captain Kidd or any other old pirate. Early in the night Bill took a header from his wheel while chasing toads around under the electric light and was compelled to sit on the steps and swear. Emmett and Fritz, while not quite as choice "cussers" as Bill, excelled him in the telling of vulgar stories. As that portion of the city has never been discovered by the patrolman Emmett, Bill and Fritz swore, sang ribald songs and chucked their bicycles around until dawn was breaking and they were sober enough to ride home. And the neighborhood did not sleep.

COME TO MANY.

Death Reaps a Rich Harvest in Fort Wayne.

At 3:30 o'clock yesterday afternoon occurred the death of Miss Elizabeth Traut, at the family residence, 176 East Washington street. The cause of death was consumption. The deceased was born February 1, 1864, and was, therefore, something over thirty-three years of age. She had been in bad health for several years and had been confined to her bed for a period of fifteen weeks, when death finally relieved her of her sufferings. She was a member of St. Mary's Catholic church and a prominent working member of the Young Ladies' Sodality.

The funeral will be held Monday morning at 9 o'clock at St. Mary's Catholic church.

Mrs. Mary Eiser died yesterday afternoon at the residence of her daughter, Mrs. Longfield, on Charles street. She was seventy-eight years and six months of age, and was a native of Baden, Germany. Death was caused by dropsy. The deceased lived at Defiance, Ohio, for forty-five years, coming to live with her daughter, Mrs. Longfield, a few months ago. The surviving children are Mrs. Longfield, Mrs. P. Mither, Youngstown, O.; Mrs. C. Atwell, Fostoria, O., and J. P. Eiser, who is sheriff of Defiance county, Ohio. The remains will be sent to Defiance this evening for burial.

Martha Nahrwold, aged eight years, daughter of Charles Nahrwold, the well known carpenter, died of intermittent fever yesterday afternoon at the family residence, 109 Winter street.

Peter Beck, aged sixty-eight years, died last evening at his home, 174 Fairfield avenue, of paralysis. He had been an invalid for several years. He leaves several grown children in this city.

Emma Meyers, aged about eighteen, an inmate of the state asylum, died of heart disease yesterday afternoon. Interment was made today at the asylum.

Those Who Heed the First Symptoms of Nervous Derangement

Special from [illegible]

A dull, aching pain at the [illegible] part of the back and a sense of [illegible] rills of heat, or [illegible] the spine are [illegible] of general womb derangement

If these symptoms are not accompanied by leucorrhœa, they are precursors of that weakness. It is worse than folly to neglect these symptoms. Any woman of common sense will take steps to cure herself

She will realize that her generative system is in need of help, and that a good restorative medicine is a positive necessity. It must be a medicine with specific virtues As a friend, a woman friend, let me advise the use of Lydia E Pinkham's Vegetable Compound.

If your case has progressed so that a troublesome discharge is already established, do not delay, take the Vegetable Compound at once, so as to tone up your whole nervous system; you can get it at any reliable drug store. You ought also to use a local application, or else the corrosive discharge will set up an inflammation and hardening of the parts. Mrs. Pinkham's Sanative Wash is put up in packets at 25 cents each. To relieve this painful condition this Sanative Wash is worth its weight in gold.

MRS. GEORGE W. SHEPARD, Watervliet, N Y., says: "I am glad to state that I am cured from the worst form of female weakness. I was troubled very much with leucorrhœa, bearing-down pains and backache. Before using Mrs. Pinkham's Remedies it seemed that I had no strength at all. I was in pain all over I began to feel better after taking the first dose of Vegetable Compound. I have used five bottles, and I feel like a new woman I know if other suffering women would only try it, it would help them."

It would be interesting to know whether the New York judge who has had the nerve to annul a Chicago divorce was animated by a sense of reverence for the conjugal relation or a spirit of resentment against municipality which is regarded as a rival of New York

GREATER NEW YORK city covers an area of 360 square miles, which makes it twice the size of the District of Columbia and about half that of the state of Rhode Island It will be the most densely populated spot of similar area in this country, and it well governed will soon become the greatest city in the world, as it is now second in population

THE small boy who has been housed up in school the past nine months is in a quandary just now to know what to do with himself He can go in swimming occasionally, play ball and marbles a little and once in a while a game of mumblety-peg, but all these amusements become monotonous and so, how to spend the vacation is a knotty problem he is unable to solve.

DURING the latter part of the last century a contented citizen of Milan, Italy, who had never passed beyond its walls for sixty years, being ordered by the governor not to stir beyond its gates, became immediately miserable and felt so powerful an inclination to do that which he had so long contentedly neglected, that, on his application for a release from this restraint being refused, he became quite melancholy. and at last died from grief.

THE rumors of the decay of Secretary Sherman's mind lack plausibility. As hard and cool a head as his rarely gives way in such fashion. The stories told, as that he forgets invitations, goes to the wrong party on the wrong day, and the like, have been cited many times as instances of absent-mindness on the part of men as level-headed as could be desired. If the secretary's mind is really failing, it would be the duty of the president, however painful, to appoint his successor. No person of deficient intellect should be continued in connection with the

federal service, notwithstanding precedents to the contrary in the senate and house of representatives

MARK HANNA has been endorsed for senator by the Ohio republicans It is doubtful, however if he can elect enough legislators to elect him For the first time in a third of a century there are two republican senators from Ohio, and as one of them has been John Sherman the people will hardly select Mark to fill his shoes although Governor Bushnell did for policy's sake appoint him, and now he wishes he hadn't

THE postoffice contest at Lagrange was settled yesterday by the announcement from Senator Fairbanks that he had recommended R P Dryer for postmaster. Mr. Dryer is an active young republican and well qualified for the position The commission of the present incumbent, L. M. Rowe, expires July 11, 1900 There were six other aspirants for the office—T H. Setton, an old soldier; F J Mowers, secretary of the county central committee; E C P Show, ex chairman of county central committee; R. J. Oliver, S E. Coplin and George Eagleton, ex-county surveyor.

THE Houston Post makes an estimate, based on the departure from New York in one week of 6,480 passengers for Europe, that no fewer than 150,000 Americans annually visit the old world. The amount of passage money and that spent abroad, added to the tremendous interest and dividend accounts drawn from this country by Europe, all foot up to $200,000,000 annually. Nor does this estimate include the millions sent by people to their poor relatives at home or spent on missions. It is scarce to be wondered at that this, which nature has made the most productive country in the world, should be largely a debtor nation.

CHRISTIAN K. ROSS, the father of Charlie Ross, died at Germantown Wednesday. It was on the 1st of July, 1874, twenty-three years ago, that the boy Charlie disappeared—stolen, as was believed—and the years have been sorrowful ones for the bereaved father. They were filled with unavailing search. Gleams of hope caused by the apparent discovery of clews to the whereabouts of the lost boy were followed by bitter disappointment. It is a dark comment on human nature that the sufferings of the father were increased by the actions of heartless impostors who gave false information and caused Mr. Ross long and fruitless journeys, with the hope at last of meeting his son, only to find that he had been tricked and deceived. A mournful story is closed at last It may be that it has ended in the meeting at last of the father and son.

The Old Soldiers profited by some of that element of luck which has fallen to Fort Wayne in almost every game the two clubs have played, and as a result the Daytons won the game yesterday Herr was effective until the sixth when two two-baggers and an error by Rabb allowed two Dayton base runners to register at the home plate In the next inning Flick, the man who had done no batting in the other Fort Wayne-Dayton games, sent a ball flying away for a home run and four runs sauntered over the plate. Fort Wayne escaped a shut-out by scoring an unearned run in the eighth inning Herr had been effective against the Daytons heretofore, and he was given a chance again yesterday The teams play three more games at Dayton.

NOTES.

Creiger ought to have been in the game sooner for Cleveland. Yesterday his single sent the Spiders' first two runs across the plate and later he scored himself after working a base on balls.

Chicago Chronicle: "Cleveland has been having an undue share of hard luck, but if the game yesterday is a test Catcher Creiger has brought a break in the clouds. The boy—he is nothing more—caught a great game and was opportune in his hitting."

Al. Whitridge, who deserted the Springfield team Saturday, pitched his first game for Sullivan, Ind, on Sunday, in a game with Shelburn, both independent teams. He proved to be too swift for the Shelburn team and let them down with three hits and in addition struck out twenty-one men.

Ligonier Banner: "Bert Inks returned last Thursday from Springfield, Mass, having asked for his release. He got disgusted with the way he was supported in several games and was ready to quit at the first opportunity. He has had several flattering offers since his return and will doubtless be at work before many days."

Wednesday's Wheeling Register: "That fellow Hickman has caused more weeping, and wailing, and gnashing of teeth in the Inter-State circuit, than any one man, and he is going to continue in the business, for he is the real thing. The Yanegans rely upon him to win the pennant for them, to such an extent that they pitched him against Wheeling two successive days. He has an arm of steel Last night he was feeling like a fighting cock, and ready to go in the box again today if necessary."

George Tebeau's Columbus club defeated the Louisville National league team yesterday

Twelve thousand people saw Boston defeat Baltimore in the Champions' home yesterday.

Many old-time "cranks" will go to Lakeside park tomorrow to see the game between the old-time Berry Streets and Groves.

The Nebraska Boys defeated the Hungry Hills this morning by a score of 7 to 1. Craig and Stemen formed the battery for the Nebraska Boys and Shaughnessy and McCarthy for the Hungry Hills.

Mansfield News: "Manager Strouthers last night released Else Mangan, the short stop. Mangan is one of the best short stops in the Inter-State league, and will have no difficulty in catching on with some other Inter-State club. Mangan, if he keeps himself in condition, can play brilliant ball. It is to be regretted that he is no longer a Haymaker. On the trip this week Latham will play short and Manager Strouthers says some new faces will be seen when the team plays on the home grounds a week from Monday."

A decided surprise was sprung at Youngstown Wednesday by the directors of the Youngstown Interstate club giving Manager Scheible his release. The announcement was also made that Catcher Eddie Zinram had been appointed to take Scheible's place and would be given entire charge of the team. The release of Scheible was not occasioned by poor management, but as a measure of economy. He was paid $160 per month and managed from the bench, while the directors want a manager who can get into the game. The directors say that while the team has played winning ball under Scheible the club is running behind financially. Scheible brought the team from last place to first place last season and should not have any trouble in securing a managerial position with any club willing to pay him the salary he received there. Third Basemen Shepherd, was also released.

SHOT A NEGRO

Because He Was Accused of Arson by Colored Persons.

The Murderer Was a Prominent Citizen and Swears He Will Kill All the Negroes at His Home.

BIRMINGHAM, Ala., June 25.—J. West, a prominent citizen of Montevalli, who has recently been showing evidence of a failing mind, last night entered James Kroell's store and declared that certain negroes had accused him of burning the stables of Dr. Acker, who were recently destroyed by an incendiary and that he proposed to kill every negro connected with the accusation. Before he could be prevented he secured a pistol and shot and killed the first negro to enter the store, who happened to be Will Pope, an inoffensive man. West then went out and began chasing two other negroes with pistol in hand, but was overpowered and disarmed. He swears he will exterminate the black population of Montevalli when released. West is crazy.

Sixty-six Young Men and Women Start in Life.

Sixth Annual Commencement of the International Business College Last Night—A Large Class Graduated.

The exercises of the sixth annual commencement of the International Business college of Fort Wayne were held at the Masonic Temple last night A class of sixty six young women and young men was graduated. and presented with diplomas in the presence of an audience that entirely filled the spacious auditorium of the theater The manifested interest in the affair was striking. The audience was in no sense "fashionable," but was comprised for the most part of the substantial working element of society, to whom the advantages of a business education appeal with most force. Many prominent citizens were present and among the most interested spectators of the exercises.

The large class was arranged in two sections that occupied nearly the entire stage area, the young ladies being seated in front Groups of palms at either side of the stage lent a pleasing effect. The program in all its parts and as a whole was interesting and entertaining, the musical numbers being especially good.

After Reineke's orchestra had rendered the opening overture Rev. T. J Johnson made the invocation, which concluded, in a most felicitous vein he delivered the welcoming address. The salutatory address was made by Louis E Finan, who was graduated from the shorthand department. He spoke with readiness and freedom, and with some feeling when he alluded to the impending dispersion of the members of the class.

The young man acquitted himself with distinguished credit throughout his singularly happy address. He is a son of Edward Finan, of Monroeville, and in introducing him President Staples said that he was one of the brightest shorthand students that had ever left the International business college.

After the salutatory Miss C. E. Niehoff delighted the audience with a vocal solo and then John H. Aiken, the well known lawyer, delivered the address to the class. Mr. Aiken expatiated upon the value of an education especially a practical business education, and attended to the high and valuable character of the work that had been performed by the International business college. He insisted that proper discipline of the mind, the acquisition of practical knowledge and methods and the formation of right character laid the foundation of success. From the class motto, "No one, but himself is his parallel," the speaker drew some valuable thoughts admonishing the class that each of them must independently strive to make the most of himself and not measure himself by the achievements of another.

When Mr. Aiken had concluded Miss Philley recited a highly humorous sketch, "Aunt Sophronia at the Opera." She won immense favor and was obliged to respond to an encore.

The class valedictory was delivered in able manner and with eloquence and force by H. A. Popp, of the business department. President T. L. Staples, in presenting the diplomas, made some brief remarks in which the advantages of a practical business education were sharply set out.

After Rev. Johnson had pronounced a benediction the audience sang "America," accompanied by the orchestra, and dispersed.

At the close of the exercises at the Temple the graduating class and a large number of their friends held a banquet at the college hall. Refreshments were enjoyed and the time was spent with general felicitation.

The class graduated last night is one of the largest and the teachers say one of the brightest that has ever gone out from the International Business college.

IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia or Sour Stomach

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia commonly called heart burn or sour stomach is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas and a bitter sour burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is now becoming rapidly popular and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

SHOP AND RAIL.

An Electric Light Employe Quietly Married.

Accidents, Incidents and Personal Mentions of the Shop, Office and Depot.

Mr. and Mrs. Ray Woodhull are now comfortably domiciled at the corner of Wayne and College streets, where they will be glad to greet their friends. This couple was married last Wednesday morning in Bryan, Ohio, the home of the bride's parents, and so quiet were they about the matter that the wedding was over before many of their Fort Wayne friends knew they had any matrimonial intentions. Last evening, at the social at the Christian church, the friends evened matters however, by giving the groom a shower of rice as he was seated at the table, partaking of refreshments. The grain was dealt out with an unsparing hand and soon filled every pocket or aperture in and about Mr. Woodhull's clothing and he had to retire from the room to unload. Mr. Woodhull is employed in the draughting department at the electric works. He resumed his duties there yesterday

WILL PUT ON A SPECIAL.

Toledo Bee: "It has been expected all along that Christian Endeavorers from Cleveland, Toledo and other points in northwestern Ohio would go to St. Louis on a regular train next Monday, but the number of bookings for the California excursion has increased beyond all anticipations and the Wabash will find it necessary to start a special from this city to St. Louis Monday afternoon. From that city the Ohio Endeavor train will probably be made up in sections. The bookings since yesterday have been sufficient to make it necessary to add another coach, thus bringing the number of sleepers up to fifteen. Lucas county alone will send a very large contingent to San Francisco."

J. E. Murphy, formerly an engineer on the Grand Rapids and Indiana road, but for several years located at Chicago, is visiting friends in this city.

Passenger engine 169 has gone to the Stony Island shops to receive some improved attachments and in the mean time engine 92 is hauling passenger trains.

After working on the Bellevue "bum" run several days, Brakeman C. Matthias has returned to this city and resumed a through freight run on the Nickel Plate.

Freight rates on the great lakes are now the lowest ever known. On the part-rail and part-water routes controlled by the Joint Traffic association rates are fairly well maintained.

The application of the Pennsylvania lines to run an excursion from Columbus and other points on its system to Old Point Comfort and Norfolk on July 22 and August 5 has been refused by the Joint Traffic association board.

On July 1 Superintendent Haskill, of the Detroit and Lima Northern, will remove his headquarters from Lima to Tecumseh, Mich. Mr. Haskill formerly resided in this city. Then he was employed as a conductor on the Nickel Plate.

The scalpers at Cincinnati, Pittsburg, Cleveland, Chicago and St. Paul claim to have stocks of mileage books to operate with which will give them a good business for some months, having invested large sums in books of even the strongest lines.

Sickness keeps M. R. Hardendorf from his duties in the Pittsburg blacksmith shop.

After an illness of several days, Albert Burchard has resumed his duties in the Pittsburg planing mills.

The general foreman and the foremen of all the departments of the Wabash shops are now riding bicycles. In the list are W. S. Cooper, E. F. Needham and J. C. Gehring.

There is a growing impression with many of the general passenger agents that the running of cheap Sunday excursion trains is a mistake and is decreasing rather than increasing the revenue of the roads.

Neil M. Loney, son of the Pennsylvania baggageman, A. J. Loney, has completed a mechanical engineer course at the Armour Institute of Technology, having graduated from that college. He returned home yesterday.

Mr. and Mrs. B. McFerran, who were married at Logansport Wednesday evening, returned here last night and this morning Mr. McFerran resumed his place at the desk in the office of the Pittsburg shops' store room.

A regular train on the Lehigh Valley road last Saturday ran from Buffalo to Rochester, eighty-two miles, in seventy-two and one-half minutes actual running time, making it the quickest time a train has covered that eighty-two miles of road.

The Milwaukee, Benton Harbor and Columbus road has been completed from Benton Harbor to the St. Joseph river, and the new bridge over the river, 354 feet in length, is nearing completion. The contract for building the road to Buchanan, Mich., has been let.

The hall dedication and banquet of the Machinists union last night, at 138 Calhoun street, was an enjoyable event. William Brennan delivered an address, which elicted the applause of the large audience, and Messrs. Greenawald and Unger furnished music for the occasion.

Plymouth Democrat: "In the case of Marion Black against the Plymouth Cycle company et al., on motion of defendant, J. H. Bass, Judge Bursod granted a change of venue from the circuit court and by agreement of the parties the case was sent to Wabash circuit court for trial."

July 1 the Wabash company will put seven trains into service, hauling gravel from near Wolcottville, on the Chicago-Detroit line, to Chicago, where it will be turned over for distribution on the middle division of the system. There is no gravel fit for ballast along the lines in the middle division.

Commencing next Sunday the Grand Rapids and Indiana company will have two Sunday trains out of this city for Rome City. They will leave at 6:30 and 8:30 in the morning. The engine, cars and crew of the early train will remain over at Rome City until 6:30 Monday morning and bring the cottagers down to the city

The coroner's jury at Inwood, L. I., which has been investigating the collision at the Merrick road crossing at Valley Stream, which resulted in the killing of five persons on Decoration day, rendered a verdict yesterday that the Long Island railroad was criminally negligent in not having the signal bell at the railroad crossing in working order.

In the thirty six hours ending Monday, at 6 p. m., the Panhandle handled, between Columbus and Pittsburg, fifty-five eastbound freight trains and forty-five westbound trains. In the thirty-six hours the Panhandle turned over to the Pennsylvania road 170 carloads of live stock and fifteen carloads of dressed meats and other perishable freight loaded in refrigerator cars.

When the roads leading east from Chicago are behaving themselves on rate matters the apportionment they are to carry in tonnage of dead freight is as follows: Baltimore and Ohio, 8 per cent; Erie, 11 2; Lake Shore, 11 2; Nickel Plate, 8 ; Fort Wayne, 11 2; Big Four, 5 8; Grand Trunk, 11; Michigan Central, 13 6; Panhandle, 7; Wabash, 6 6. When one of these lines for some time carries more than its allotted tonnage suspicion arises that it is shading rates.

There is every indication that the excursion tomorrow of the electric light employes will be one of the biggest events of its kind of the season. People not in any manner connected with the works are being attracted by the excellent entertaining features of the outing and will help to swell the number of excursionists very materially. THE SENTINEL yesterday published a list of the athletic and aquatic events which will take place on the island and Sylvan lake.

Mr. and Mrs. Charles Souder are now "at home" to their friends at 122 West Third street, which place had been furnished and fitted up for occupancy by the groom previous to the wedding. The marriage ceremony yesterday afternoon at the Church of the Redeemer was witnessed by a large portion of the congregation and was one of the most notable events of its character ever occurring within the history of that church. The ladies had decorated the pulpit and church walls in a most beautiful manner, an act of kindness which was duly appreciated by Mr and Mrs. Souder and for which THE SENTINEL has been requested to express their thanks. Mr. Souder is a Nickel Plate fireman and he will soon resume work on that line.

It is amusing to watch the candidate for license to marry, and it is decidedly an easy thing for one who is about the clerk's office to spot the prospective groom. Some way or another they always have a hang-dog look more like a man to be arrested for a misdemeanor than one supposed to soon be one of the happiest fellows on earth.

The best way to prepare a new iron kettle for use is to fill it with clean potato peelings and water, boil them for an hour or more, then wash the kettle with hot water; wipe it dry, and rub it with a little lard. Repeat the rubbing several times after using. In this way you prevent rust and all the annoyances likely to occur in the use of a new kettle

"THE LIGHT OF THE WORLD OR OUR SAVIOUR IN ART"

Cost over $100,000 to publish. Contains nearly 100 full page engravings of our Saviour by the great masters. Every picture is reproduced from some famous painting. Agents are taking from three to twenty orders per day. The book is so beautiful that when people see it they want it. "FIRST GLANCE AT THE PICTURES BROUGHT TEARS TO MY EYES" says one. "Cleared $175.00 first week's work with the book" says another. "Some high grade man or woman of good church standing should secure the agency here at once," says every editor. "as $300 can soon be made taking orders for it." Also a man or woman of good social position can secure position of Manager of this territory, to devote all their time to employing and drilling agents and corresponding with them. Address for full particulars A. P. T. ELDER, Publisher, 278 Michigan Avenue, Chicago, Ill. april25 tf.

At the Grand Canyon of the Yellowstone.

"Where the road turns to the left at Grand View, walk out over the salient of rock at the angle itself sit down on the farthest chimney shaft, over rocks naturally white, but now blackened by weathering. If possible, go there in the morning or in the latter part of the afternoon. At noontime the light is too strong, and the details of the canyon are smothered, and the individuality of the walls killed. But with a soft morning or afternoon light every detail of one or the other of the walls leaps out from the general mass as if instinct with life. And what a wonderful sea it is that lies beneath and beyond us. A painted sea, not of water but of rock. And such painting! Try to distinguish the deemed colors and their infinite variations. The most wonderful part of it is the rare blending, where one fades into another, and yet thou canst detect neither the beginning nor the ending"

The above is taken from "Wonderland 97," a new tourist book that tells all about Yellowstone Park.

Send to Chas. S. Fee, Gen'l. Pass Agent, Northern Pacific Railway, St Paul, Minn., six cents and get "Wonderland 97" 17tf

FASHIONS

A jaunty poster girl adorns the cover of the July issue of "Fashions." The contents of the number present a rare combination of pictorial beauty, fine literary tone, and accurate descriptions of the fashions prevailing in the American metropolis and in those standards of taste in wearing apparel, London, Paris and Vienna. The designs are especially chic, and the contents, as always, the original work of original writers.

The opening article is a particularly valuable one by that matriarch among American women, Mrs. Mary A. Livermore, on "The Solidarity of our Social Life." Maria Louise Pool contributes a bit of graceful fiction. An article full of helpful suggestions is "Rest, and How to Take it Most Beneficially." Mary Gay Humphreys, Helen Marshall North, and other well known writers deal with topics of general interest.

Taken column for column it may be said that "Fashions" has no equal in the field it purposes to cover.

NOT FOR CORBETT.

He Will Not Be Senator for Awhile, at Least.

Mr. Hoar's Report in His Favor Not Received With Favor by the Election Committee.

WASHINGTON, June 25.—The senate committee on privileges and elections today considered briefly a report prepared by Senator Hoar in the case of Hon. H. W. Corbett recommending that Mr. Corbett be seated as a senator from Oregon. The committee declined to act upon the report beyond ordering that it be printed for the use of the committee together with any views which might be submitted by members opposed to Mr. Corbett. The result of this proceeding will be to postpone further consideration of Mr. Corbett's claims until the next session. There was no formal expression of the committee to the effect but there is a general understanding that such is the case.

The resolution of Mr. Hale, of Maine, relative to restricting the privileges of ex-senators on the floor of the senate to those not interested in legislation and claims, was referred without comment to the committee on rules.

Consideration of the wool schedule was resumed at paragraph 370, relating to aubusson, axminster, moquette and chenille carpets. Mr. Vest, of Missouri, moved to strike out the specific rate. The vote was 17-24, four short of quorum. There was some delay in announcing the result, owing to the anxiety to secure a quorum, but Mr. Vest insisted on a speedy announcement, remarking that the suffering country could not wait while republican senators mustered a quorum. When the want of a quorum was announced Mr. Vest derisively said:

"And this with the country just wallowing and dying while the bill waits."

"The senator is out of order," interposed Mr. Chandler, jocularly.

"And so is the country," added Mr. Gray, of Delaware.

A call of the senate brought fifty-two senators to the chamber and Mr. Vest's amendment was then rejected—21 to 26.

ORDERLY AFFAIRS.

Two Hanging Bees in the Sunny South.

Clark Lewis Given a Public Execution in a Woodland Grove—He sang on the Scaffold.

ATLANTA, Ga., June 25.—Terrel Hudson, a negro who was to have been hanged two weeks ago for murder, but who was reprieved at the last moment by Governor Atkinson, died on the gallows at Decatur today. The drop fell at 11:48½ and fourteen minutes later Hudson was pronounced dead, the fall having broken his neck. Hudson killed Seaborn Malcolm, another negro, in a quarrel about a rabbit dog.

SACKETTVILLE, W. Va., June 25.—Clark Lewis was hanged here today, at 12:40 p. m., in public, before a large and orderly crowd, in a natural grove. The condemned man sang on the scaffold. There were no disorderly demonstrations. Lewis was hanged for the murder of Charles Gibson, whose death appeared to be desired by Mrs. Gibson, to enable her to continue uninterrupted her carousals with Lewis and one or two others, who were jointly convicted with Lewis.

Says the President Has No Plan to Purchase Cuba.

The Big Boss Denies That There Was an Implied Insult to McKinley in the Ohio Platform.

CLEVELAND, Ohio, June 25.—Senator M. A. Hanna was asked this morning whether there was any truth in a telegraphic statement that President McKinley is considering a plan whereby the freedom of Cuba is to be purchased from Spain for $100,000,000, the amount to be secured by Cuba. "The statement is not authoritative" said he.

Mr. Hanna denied that the statement was a veiled slight to McKinley in the omission of his name from the state platform.

Bible Found Dead in Bed.

CHATTANOOGA, Tenn., June 25.—Hon. J. H. Bible, United States district attorney for east Tennessee, and one of the most active politicians in this state, was found dead in bed at his home in this city this morning. Death is ascribed to apoplexy. Mr. Bible had charge of several large law suits for the government which are as yet unsettled and his death at the present time is particularly unfortunate.

HANGED BY A MOB.

Swift Punishment Meted Out to a Murderer.

Although Guarded by Armed Men He Could Not Be Saved—Another Legal Hanging.

JACKSON, Miss., June 25.—A negro named Moses, who killed farmer John Strong near Crystal Springs, Miss., a few days ago, and who was arrested at that place yesterday and confined in jail, was lynched by a mob at 7:30 o'clock this morning. The negro had been guarded by 100 armed men since yesterday, and two calls for troops from the sheriff had been sent, but owing to the absence of Governor McLaurin and the fact that it was impossible to establish communication with Lieutenant Governor Jones, who is at his home in Woodville, the troops did not start for the scene until this morning, when the morning order was received. The troops were stopped as they were boarding the train.

A LEGAL HANGING.

ST. JOSEPH, Mo., June 25.—James Pollard, colored, was hanged in the jail yard in this city today for the murder of Joseph Irvin, also colored. Pollard was pronounced dead in twenty minutes. The murder was committed in July, 1895. Pollard had threatened to kill Dave Irvin and went to the house of the Irvins at dark one night. Finding the family at supper, he fired at Dave Irvin, but missed him, killing the latter's brother, Joseph.

Too Proud to Beg, Too Honest to Steal.

Prof. Fortune Dumas Cabella Death's Victim—Was a Famous Artist in His Young Days.

SAN FRANCISCO, June 25.—Fortune De Conte, an artist highly educated, once patronized by New York aristocracy, erstwhile dean of the art department of the University of Southern California and for the past six months an earnest worker here, is dead. Paralysis is given as the cause of death, but it is believed he was a victim of starvation. Professor De Conte was a member of the Etudiants des Beaux Arts de Francaise; Hopkins Institute of Art, San Francisco; Society of Chicago Artists; Kit Kat and Palette clubs, of New York. Papers found among his effects indicate that he was a member of the famous Orleans family and that his name was Sainte Salm De Conte. THEY ALL SHOT.

Night Policemen Take an Afternoon of Target Practice.

The members of the Fort Wayne night police force were out to Centlivre park yesterday afternoon learning to shoot—not the can, nor their mouths nor firecrackers, but their revolvers. Target practice has become a part of the routine of police drill in other cities and Fort Wayne has caught up with the procession. The work yesterday was satisfactory, but will be improved by future practice. They will shoot again next Thursday. In yesterday's practice Night Clerk Langard made the best record. Patrolman Spillner performed the most accurate work in any single trial.

After the shooting the squad divided into two nines and played base ball, Sergeant Deeler and Detective Coling choosing sides respectively. The batteries were Coling and Langard and Deeler and Elliot. At the end of the fourth inning the game was called with the score a tie at eight runs each.

MAY BE FATAL.

Bicyclist Hurt in a Collision With a Horse.

Clarence Cook, of Wolcottville, Has His Skull Fractured on Calhoun Street and May Die.

A shocking bicycle accident occurred at 11 o'clock this morning at the corner of Calhoun and Washington streets, a rider colliding with a horse and light wagon. The man on the bicycle was Clarence Cook, of Wolcottville, Ind., and he is at Hope hospital with a fractured skull, which the doctors say may prove fatal.

Cook was coming north on Calhoun street, and at the corner of Washington encountered a horse driven by Emil Richter, a young man employed on the Gable dairy farm. Horse and bicycle came together, and the horse, rearing high into the air, brought one of its hoofs down with crushing force on the unfortunate cyclist's head, crushing the skull. The young man rolled unconscious on the pavement, where he was picked up and carried to the Kellar pharmacy. A few minutes later he was taken to Hope hospital, where he was attended by Drs. Porter, Heaton and English.

Richter, who was driving the horse, was much broken up by the occurrence, but awaited until the man's injuries were ascertained and gave all the information required of him by Coroner Kappel.

Cook and another young man named Eugene Novitt came down from Wolcottville on their wheels last evening and remained in the city over night. Cook was just starting home when the accident befell him. Novitt intended to remain in the city until this afternoon to get his wheel repaired.

BADLY INJURED.

A painful accident occurred at the east yards yesterday, by which a young lady was badly injured. Mr. Brewman's family, living southeast of Fort Wayne, were driving to the city and when near the Findlay crossing the team took fright at the engine hauling the Findlay local. The Brewman boy, aged about seventeen, jumped from the carriage to hold the horses' heads, when one of the animals plunged, overturning the vehicle and throwing Mrs. Brewman and her daughter out. The young lady was hurled into a barb wire fence and had her face and arms shockingly lacerated. They drove into the city and sought a physician.

Gave a Banquet to the Princes and Princesses

Who Were in the Jubilee Procession—Special Envoys and Some Diplomats Were Present.

LONDON, June 25.—The lord mayor, Sir George Faudel Phillips, gave a luncheon at 2 o'clock this afternoon at the mansion house to all the princes and princesses, British and foreign, who were in the jubilee procession, and to most of the special envoys with the rank of ambassador and to part of the diplomatic corps. Among those present were the United States special ambassador, Whitelaw Reid, and Mrs. Reid, and the United States ambassador, Col. John Hay, and Mrs. Hay. The guests were entertained in the Egyptian hall, whose lofty domed roof, richly ornamented with heavy moulding supported on massive fluted golden columns, were of fine finish to the prettily tinted walls patterned in Egyptian designs. The lord mayor wore his ermine earl's robe, as on jubilee day. Great crowds of people watched the arrival and departure of the guests, who were warmly cheered.

BOARD OF WORKS

Transacts Much Business and Orders Some Improvements.

At last night's meeting of the board of public works a considerable volume of business was transacted, most of it relating to sewer and sidewalk improvements.

The following contracts were approved: Anselm Kruck to relay the sidewalk in front of lots 63 and 64 Chutes' homestead addition; H. A. Gerberding to relay the sidewalk in front of lot 61 Chutes' homestead addition; John Auer to relay the sidewalk in front of lot 91 Hanna's addition.

The following pieces of work have been completed and the assessment rolls were confirmed by the board. A twelve inch vitrified clay sewer in the alley between Holton avenue and Reed street, from the alley between Creighton avenue and Green street to Green street; a twelve inch sewer in the alley between Winter and Reed streets from the brick sewer on Pontiac street to the first alley south of Jennison street; a twelve inch sewer in the first alley south of Jennison street, from Reed street to Winter street; a sidewalk on the north side of Superior street, from Griffith street to a point 324 feet west of Griffith street; a sidewalk on the west side of Barr street, from Wallace to Williams streets; improving the alley between Grant and Wabash avenues, from Humphrey to Randall streets; laying the sidewalk on the north side of Greeley, from Fulton to Jackson streets.

Resolutions were passed for a number of improvements that are to be made.

The Wabash company had a long agreement before the board that it wanted signed before it would give the city the right to build a twelve-inch sewer under its tracks near Walton avenue. The board turned the document over to the city attorney for his judgment.

LOTS OF WATER.

Further Test of the Well on the Pape Land Yesterday.

Yesterday the city officials and the members of the city council witnessed a further test of the experimental well on the Pape land. The well showed a capacity per twenty-four hours of 696,960 gallons. Engineer Baxter says he believes it is the greatest water bearing territory he has any knowledge of. Mr. Mr. Pape, it is understood, has indicated that he will sell the land to the city for $2,000 per acre. The value of the territory may be better determined when the rock well has been completed.

Business Men Will Discuss the Excursion Project at the City Hall.

Progress has been made by the committee appointed to solicit means and the plans of the association now seem in a fair way to be carried out. Secretary Pro Tem E. B. Hanna has sent out notices to all business men requesting their presence and a big attendance is expected.

Colerick, Lydia Hoover commenced habeas corpus proceedings against Ida Ovenmeyer, matron of the Allen county orphans' asylum, for possession of her minor child, Clara Hoover. Plaintiff alleges that last December the child was left at the home with the understanding that she could be recovered on demand of the mother. Now the defendant refuses to give up the girl. Judge Dawson issued a writ, returnable next Monday morning at 9 o'clock.

I. O. O. F. DECORATION

Interesting Ceremonies at New Haven Sunday.

Fort Wayne Members Take a Prominent Part—Address Delivered by Enoch Cox—Many Visitors Present.

The Odd Fellows of New Haven observed Decoration day last Sunday and a number of Fort Wayne members of the order were present to assist. The New Haven News has this to say of the ceremonies:

"The attendance here Sunday was the largest of any Decoration day of the order and the program was carried through without any interruption. Visitors were present in goodly numbers from Fort Wayne, Monroeville, Maples and other lodges, and Fort Wayne Canton, No. 17 came down in a body also. There was a generous outpouring of the people of this section, and all in all the memorial services of 1897 were a little better than any preceding year. Maumee lodge, K. of P., had thirty-three members in line and there was a long line of vehicles.

"The procession was formed shortly after 2 p. m., in the order outlined and proceeding to the cemetery, the ritualistic services were gone through with after the hollow square had been formed. Past Grand Master Enoch Cox, of Fort Wayne, was the orator of the day, and he made a most excellent address and a very favorable impression upon the large audience present.

"Many good points were brought forth in his address. He referred to the objects of the order and these memorial services and also the great good the Independent Order of Odd Fellows has accomplished since its organization in this country nearly four score years ago. His remarks were well received and the people were well pleased.

"The ritualistic exercises were interspersed with some excellent music by a quartet composed of Mrs. J. R. Hartzell, Miss Lilly Miller, F. G. Rogers and R. M. Gorrell. Miss Ida Helmick presided at the organ. This feature of the program was exceptionally pleasing and elicited many favorable remarks from those present. The selections were all well rendered and the last one on the program was very beautiful.

"The band from the state institution for feeble minded youth was present and made excellent music, considering the unfortunate mental condition of the members. Henry B. Geisick, the instructor, deserves much praise for bringing the boys up to their present musical standard.

"After the masterly address by Brother Cox, the proclamation of the grand sire was read, followed by the sentiment service by the members of New Haven lodge, I. O. O. F., and Charity lodge, D. of R. This was followed by music by the quartet, the general decoration of the graves, dirge by the band, the procession reformed and returned to the hall and the memorial services of 1897 were a matter of history."

BOY THIEVES

Doing Much Petty Stealing in Fort Wayne.

The Police, as Well as Citizens, Annoyed by the Depredations of Bad Youngsters.

The police are much annoyed by the numerous cases of petty stealing that are reported almost daily to the station. There is no question that it is the work of gangs of boys of rather tender age, who seem to be educating themselves for careers of crime. Boys who have been arrested for stealing have been dealt with so leniently by the courts in many cases during the past few months that the police have a hard time discouraging youthful offenders.

James Powell, a well dressed and intelligent colored man, who claimed Paulding, Ohio, as his home, was arraigned in police court this morning for train climbing. He was en route home from Michigan and got broke. Acting Mayor Ballerman let him go. John Gannon, a drunk, was sent to jail.

Charles Trevey, of 44 Burgess street, reported to the police last night that his horse and buggy had been stolen. The rig was found after midnight on Creighton avenue. It had been driven off by some one.

The police arrested several small boys who were in swimming in the north side basin yesterday and let them go with an admonition.

Officer Pageler found a pocketbook containing a sum of money which the owner can recover at the police station.

THREE JAGS AND A BOTTLE

Made the Night Hideous in the Extreme West End of the City.

Emmett Bill and Fritz are the names of three bicyclists who camped all night under the electric light at the extreme west end of West Washington street last night. In addition to the trio a large bottle figured conspicuously in the night's events. Bill's vocabulary of "cuss words" far exceeded that of Captain Kidd or any other old pirate. Early in the night Bill took a header from his wheel while chasing toads around under the electric light and was compelled to sit on the steps and swear. Emmett and Fritz, while not quite as choice "cussers" as Bill, excelled him in the telling of vulgar stories. As that portion of the city has never been discovered by the patrolman Emmett, Bill and Fritz swore, sang ribald songs and chucked their bicycles around until dawn was breaking and they were sober enough to ride home. And the neighborhood did not sleep.

COME TO MANY.

Death Reaps a Rich Harvest in Fort Wayne.

At 3:30 o'clock yesterday afternoon occurred the death of Miss Elizabeth Traut, at the family residence, 176 East Washington street. The cause of death was consumption. The deceased was born February 1, 1864, and was, therefore, something over thirty-three years of age. She had been in bad health for several years and had been confined to her bed for a period of fifteen weeks, when death finally relieved her of her sufferings. She was a member of St. Mary's Catholic church and a prominent working member of the Young Ladies' Sodality.

The funeral will be held Monday morning at 9 o'clock at St. Mary's Catholic church.

Mrs. Mary Eiser died yesterday afternoon at the residence of her daughter, Mrs. Longfield, on Charles street. She was seventy-eight years and six months of age, and was a native of Baden, Germany. Death was caused by dropsy. The deceased lived at Defiance, Ohio, for forty-five years, coming to live with her daughter, Mrs. Longfield, a few months ago. Those Who Heed the First Symptoms of Nervous Derangement

[illegible]

[illegible] of the [illegible] of female weakness [illegible]

It [illegible] symptoms are not accompanied [illegible] she will realize that her generative system is in need of help and that a good restorative medicine is a positive necessity. It must be a medicine with specific virtues. As a friend, a woman friend, let me advise the use of Lydia E. Pinkham's Vegetable Compound.

If your case has progressed so that a troublesome discharge is already established, do not delay, take the Vegetable Compound at once, so as to tone up your whole nervous system; you can get it at any reliable drug store. You ought also to use a local application, or else the excessive discharge will set up an inflammation and hardening of the parts. Mrs. Pinkham's Sanative Wash is put up in packets at 25 cents each. To relieve this painful condition this Sanative Wash is worth its weight in gold.

Mrs. George W. Sprague, Watervliet, N. Y., says: "I am glad to state that I am cured from the worst form of female weakness. I was troubled very much with leucorrhœa, bearing-down pains and backache. Before using Mrs. Pinkham's Remedies it seemed that I had no strength at all. I was in pain all over. I began to feel better after taking the first dose of Vegetable Compound. I have used five bottles, and I feel like a new woman. I know if other suffering women would only try it, it would help them."

Greater New York city covers an area of 360 square miles, which makes it twice the size of the District of Columbia and about half that of the state of Rhode Island. It will be the most densely populated spot of similar area in this country, and if well governed will soon become the greatest city in the world, as it is now second in population.

The small boy who has been housed up in school the past nine months is in a quandary just now to know what to do with himself. He can go in swimming occasionally, play ball and marbles a little and once in a while a game of mumble-ty-peg, but all these amusements become monotonous and so, how to spend the vacation is a knotty problem he is unable to solve.

During the latter part of the last century a contented citizen of Milan, Italy, who had never passed beyond its walls for sixty years, being ordered by the governor not to stir beyond its gates, became immediately miserable and felt so powerful an inclination to do that which he had so long contentedly neglected, that, on his application for a release from this restraint being refused, he became quite melancholy, and at last died from grief.

The rumors of the decay of Secretary Sherman's mind lack plausibility. As hard and cool a head as his rarely gives way in such fashion. The stories told, as that he forgets invitations, goes to the wrong party on the wrong day, and the like, have been cited many times as instances of absent mindedness on the part of men as level headed as could be desired. If the secretary's mind is really failing, it would be the duty of the president, however painful, to appoint his successor. No person of deficient intellect should be continued in connection with the federal service, notwithstanding precedents to the contrary in the [illegible] and force of [illegible].

Mark Hanna has been endorsed for senator by the Ohio republicans. It is doubtful, however, if he can elect enough legislators to elect him. For the first time in a third of a century there are two republican senators from Ohio, and as one of them has been John Sherman, the people will hardly select Mark to fill his shoes, although Governor Bushnell did for policy's sake, appoint him, and now he wishes he hadn't.

The postoffice contest at Lagrange was settled yesterday by the announcement from Senator Fairbanks that he had recommended R. P. Dryer for postmaster. Mr. Dryer is an active young republican and well qualified for the position. The commission of the present incumbent, L. M. Rowe, expires July 11, 1900. There were six other aspirants for the office—T. H. Sefton, an old soldier; F. J. Meyers, secretary of the county central committee; E. P. Slaw, ex-chairman of county central committee; R. J. Oliver, S. E. Coplin and George Eagleton, ex-county surveyor.

The Boston Post makes an estimate, based on the departure from New York in one week of 5,440 passengers for Europe, that no fewer than 150,000 Americans annually visit the old world. The amount of passage money and that spent abroad, added to the tremendous interest and dividend account drawn from this country by Europe, all foot up to $250,000,000 annually. Nor does this estimate include the millions sent by people to their poor relatives at home or spent on remittances. It is scarce to be wondered at that this, which nature has made the most productive country in the world, should be largely a debtor nation.

Christian K. Ross, the father of Charlie Ross, died at Germantown Wednesday. It was on the 1st of July, 1874, twenty-three years ago, that the boy Charlie disappeared—stolen, as was believed—and the years have been sorrowful ones for the bereaved father. They were filled with unavailing search. Gleams of hope caused by the apparent discovery of clews to the whereabouts of the lost boy were followed by bitter disappointment. It is a dark comment on human nature that the sufferings of the father were increased by the actions of heartless impostors who gave false information and caused Mr. Ross long and fruitless journeys, with the hope at last of meeting his son, only to find that he had been tricked and deceived. A sorrowful story is closed at last. It may be that it has ended in the meeting at last of the father and son.

HERR WEAKENED

And the Old Soldiers Won the Game in the Sixth Inning.

It Was Close and Exciting Up to That Time—New Castle Won From Mansfield—Notes.

INTER-STATE LEAGUE.

[illegible]

The "old soldiers" profited by some of that element of luck which has fallen to Fort Wayne in almost every game the two clubs have played, and as a result the Daytons won the game yesterday. Herr was effective until the sixth when two two-baggers and an error by Robinson[illegible] two [illegible] base runners to register at the home plate. In the next inning Flick, the man who had done nothing in the other Fort Wayne-Dayton games, sent a ball flying away for a home run and four runs sauntered over the plate. Fort Wayne escaped a shut out by scoring an unearned run in the eighth inning. Herr had been effective against the Daytons heretofore, and he was given a chance again yesterday. The teams play three more games at Dayton.

NOTES.

Creager ought to have been in the game sooner for Cleveland. Yesterday his single sent the "Spiders'" first two runs across the plate and later he scored himself after working a base on balls.

Chicago Chronicle: "Cleveland has been having an undue share of hard luck, but if the game yesterday is a test Catcher Creager has brought a break in the clouds. The boy [illegible] is nothing more—[illegible] a great game and was opportune in his batting."

Al Whitridge, who deserted the Springfield team Saturday, pitched his first game for Sullivan, Ind., on Sunday, in a game with Shelburn, both independent teams. He proved to be too swift for the Shelburn team and let them down with three hits and in addition struck out twenty-one men.

Lagrange Banner: "Bert Inks returned last Thursday from Springfield, Mass., having asked for his release. He got disgusted with the way he was supported in several games and was ready to quit at the first opportunity. He has had several flattering offers since his return and will doubtless be at work before many days."

Wednesday's Wheeling Register: "That fellow Hoffman has caused more weeping, and wailing, and gnashing of teeth in the Inter-State circuit than any one man, and he is going to continue in the business for he is the real thing. The Nailers' game rely upon him to win the pennant for them, to such an extent that they pitched him against Wheeling two successive days. He has an arm of steel. Last night he was feeling like a fighting cock, and ready to go in the box again today if necessary."

George Tebeau's Columbus club defeated the Louisville National league team yesterday.

Twelve thousand people saw Boston defeat Baltimore in the Championship game yesterday.

Many old time "cranks" will go to Lakeside park tomorrow to see the game between the old time Berry Streets and Groves.

The Nebraska Boys defeated the Hungry Hills this morning by a score of 7 to 1. Craig and Stetzen formed the battery for the Nebraska Boys and Shaughnessy and McCarthy for the Hungry Hills.

Mansfield News: "Manager Strouthers last night released Eise Mangan, the short stop. Mangan is one of the best short stops in the Inter-state league, and will have no difficulty in catching on with some other Inter-state club. Mangan, if he keeps himself in condition, can play brilliant ball. It is to be regretted that he is no longer a Haymaker. On the trip this week Latham will play short and Manager Strouthers says some new faces will be seen when the team plays on the home grounds a week from Monday."

A decided surprise was sprung at Youngstown Wednesday by the directors of the Youngstown Inter-state club giving Manager Schoible his release. The announcement was also made that Catcher Eddie Zinram had been appointed to take Schoible's place and would be given entire charge of the team. The release of Schoible was not occasioned by poor management, but as a measure of economy. He was paid $150 per month and managed from the bench, while the directors want a manager who can get into the game. The directors say that while the team has played winning ball under Schoible the club is running behind financially. Schoible brought the team from last place to first place last season and should not have any trouble in securing a managerial position with any club willing to pay him the salary he received there. Third Baseman Shepherd was also released.

SHOT A NEGRO

Because He Was Accused of Arson by Colored Persons.

The Murderer Was a Prominent Citizen and Swears He Will Kill All the Negroes of His Home.

Birmingham, Ala., June 25.—J. West, a prominent citizen of Montevallo, who has recently been showing evidence of a failing mind, last night entered James Knell's store and declared that certain negroes had accused him of burning the stables of Dr. Acker, who were recently destroyed by an incendiary and that he proposed to kill every negro connected with the accusation. Before he could be prevented he secured a pistol and shot and killed the first negro to enter the store, who happened to be Will Pope, an inoffensive man. West then went out and began chasing two other negroes with pistol in hand, but was overpowered and disarmed. He swears he will exterminate the black population of Montevallo when released. West is crazy.

TO BEGIN CAREERS.

Sixty-six Young Men and Women Start In Life.

Sixth Annual Commencement of the International Business College Last Night—A Large Class Graduated.

The exercises of the sixth annual commencement of the International Business college of Fort Wayne were held at the Masonic Temple last night. A class of sixty-six young women and young men was graduated, and presented with diplomas in the presence of an audience that entirely filled the spacious auditorium of the theater. The manifested interest in the affair was striking. The audience was in no sense "fashionable," but was comprised for the most part of the substantial working element of society, to whom the advantages of a business education appeal with most force. Many prominent citizens were present and among the most interested spectators of the exercises.

The large class was arranged in two sections that occupied nearly the entire stage area, the young ladies being seated in front. Groups of palms at either side of the stage lent a pleasing effect. The program in all its parts and as a whole was interesting and entertaining, the musical numbers being especially good.

After Reneke's orchestra had rendered the opening overture Rev. T. J. Johnson made the invocation, which concluded, in a most felicitous vein he delivered the welcoming address. The salutatory address was made by Louis E. Finan, who was graduated from the shorthand department. He spoke with readiness and freedom, and with some feeling when he alluded to the impending dispersion of the members of the class.

The young man acquitted himself with distinguished credit throughout his singularly happy address. He is a son of Edward Finan, of Monroeville, and in introducing him President Staples said that he was one of the brightest shorthand students that had ever left the International business college.

After the salutatory Miss C. E. Niehoff delighted the audience with a vocal solo and then John H. Aiken, the well known lawyer, delivered the address to the class. Mr. Aiken expatiated upon the value of an education especially a practical business education, and attended to the high and valuable character of the work that had been performed by the International business college. He insisted that proper discipline of the mind, the acquisition of practical knowledge and methods and the formation of right character laid the foundation of success. From the class motto, "No one, but himself is his parallel," the speaker drew some valuable thoughts admonishing the class that each of them must independently strive to make the most of himself and not measure himself by the achievements of another.

When Mr. Aiken had concluded Miss Philley recited a highly humorous sketch, "Aunt Sophronia at the Opera." She won immense favor and was obliged to respond to an encore.

The class valedictory was delivered in able manner and with eloquence and force by H. A. Popp, of the business department. President T. L. Staples, in presenting the diplomas, made some brief remarks in which the advantages of a practical business education were sharply set out.

After Rev. Johnson had pronounced a benediction the audience sang "America," accompanied by the orchestra, and dispersed.

At the close of the exercises at the Temple the graduating class and a large number of their friends held a banquet at the college hall. Refreshments were enjoyed and the time was spent with general felicitation.

The class graduated last night is one of the largest and the teachers say one of the brightest that has ever gone out from the International Business college.

A BIG STRIKE.

Employes of Bay View Steel Plant May Walk Out.

Milwaukee, Wis., June 25.—There is little doubt that 900 employes of the Bay View works of the Illinois Steel company will go out on strike July 2. A committee of their union waited on Superintendent Thomas S. Rees with the scale for next year, but Mr. Rees turned them curtly away. They now say that unless a conference is granted by the date mentioned they will quit work.

BEFORE long my throat was filled with sores, large lumps formed on my neck, and a horrible sore broke out on my jaw,—says Mr. G. H. Elbert, who resides at cor. 23d St. and Avenue N., Galveston, Texas. He was three times pronounced cured by prominent physicians, but the dreadful disease always returned; he was then told that **HOT SPRINGS** was the only cure. His hair had all fallen out, and he was in a sad plight. After taking one bottle of S. S. S. he began to improve and two dozen bottles cured him completely, so that for more than six years he has had no sign of the disease.

SHOP AND RAIL.

An Electric Light Employe Quietly Married.

Accidents, Incidents and Personal Mention of the Shop, Office and Depot.

Mr. and Mrs. Ray Woodhull are now comfortably domiciled at the corner of Wayne and College streets, where they will be glad to greet their friends. This couple was married last Wednesday morning in Bryan, Ohio, the home of the bride's parents, and so quiet were they about the matter that the wedding was over before many of their Fort Wayne friends knew they had any matrimonial intentions. Last evening, at the social at the Christian church, the friends evened matters however, by giving the groom a shower of rice as he was seated at the table, partaking of refreshments. The grain was dealt out with an unsparing hand and soon filled every pocket or aperture in and about Mr. Woodhull's clothing and he had to retire from the room to unload. Mr. Woodhull is employed in the draughting department at the electric works. He resumed his duties there yesterday.

WILL PUT ON A SECTION.

Toledo Bee: "It has been expected all along that Christian Endeavorers from Cleveland, Toledo and other points in northwestern Ohio would go to St. Louis on a regular train next Monday, but the number of bookings for the California excursion has increased beyond all anticipations, and the Wabash will find it necessary to start a special from this city to St. Louis Monday afternoon. From that city the Ohio Endeavor train will probably be made up in sections. The bookings since yesterday have been sufficient to make it necessary to add another coach, thus bringing the number of sleepers up to fifteen. Lucas county alone will send a very large contingent to San Francisco."

SHOP MENTION.

J. E. Murphy, formerly an engineer on the Grand Rapids and Indiana road, but for several years located at Chicago, is visiting friends in this city.

After working on the Bellevue "burn" run several days, Brakeman C. Matthias has returned to this city and resumed a through freight run on the Nickel Plate.

Supt. C. D. Law has returned from Pittsburg, where he attended a conference of the division superintendents of the Pennsylvania company with General Manager J. F. Loree.

Freight rates on the great lakes are now the lowest ever known. On the part rail and part water routes controlled by the Joint Traffic association rates are fairly well maintained.

The application of the Pennsylvania lines to run an excursion from Columbus and other points on its system to Old Point Comfort and Norfolk on July 22 and August 5 has been refused by the Joint Traffic association board.

On July 1 Superintendent Haskill, of the Detroit and Lima Northern, will remove his headquarters from Lima to Tecumseh, Mich. Mr. Haskill formerly resided in this city. Then he was employed as a conductor on the Nickel Plate.

The scalpers at Cincinnati, Pittsburg, Cleveland, Chicago and St. Paul claim to have stocks of mileage books to operate with which will give them a good business for some months, having invested large sums in books of even the strongest lines.

The general foreman and the foremen of all the departments of the Wabash shops are now riding bicycles. In the list are W. S. Cooper, E. F. Needham and J. C. Gehring.

There is a growing impression with many of the general passenger agents that the running of cheap Sunday excursion trains is a mistake and is decreasing rather than increasing the revenue of the roads.

Neil M. Lorey, son of the Pennsylvania baggageman, A. J. Lorey, has completed a mechanical engineer course at the Armour Institute of Technology, having graduated from that college. He returned home yesterday.

Mr. and Mrs. H. McFerran, who were married at Logansport Wednesday evening, returned here last night and this morning Mr. McFerran resumed his place at the desk in the office of the Pittsburg shops' store room.

A regular train on the Lehigh Valley road last Saturday ran from Buffalo to Rochester, eighty two miles, in seventy two and one-half minutes actual running time, making it the quickest time a train has covered that eighty two miles of road.

The Milwaukee, Benton Harbor and Columbus road has been completed from Benton Harbor to the St. Joseph river, and the new bridge over the river, 354 feet in length, is nearing completion. The contract for building the road to Buchanan, Mich., has been let.

The hall dedication and banquet of the Machinists union last night, at 138 Calhoun street, was an enjoyable event. William Brennan delivered an address, which elicited the applause of the large audience, and Messrs. Greenawald and Unger furnished music for the occasion.

Plymouth Democrat: "In the case of Marion Black against the Plymouth Cycle company et al., on motion of defendant, J. H. Bass, Judge Barnol granted a change of venue from the circuit court and by agreement of the parties the case was sent to Wabash circuit court for trial."

July 1 the Wabash company will put seven trains into service hauling gravel from near Wolcottville, on the Chicago-Detroit line, to Chicago, where it will be turned over for distribution on the middle division of the system. There is no gravel fit for ballast along the lines in the middle division.

Commencing next Sunday the Grand Rapids and Indiana company will have two Sunday trains out of this city for Rome City. They will leave at 6:30 and 8:30 in the morning. The engine, cars and crew of the early train will remain over at Rome City until 6:30 Monday morning and bring the cottagers down to the city.

The coroner's jury at Inwood, L. I., which has been investigating the collision at the Merrick road crossing at Valley Stream, which resulted in the killing of five persons on Decoration day, rendered a verdict yesterday that the Long Island railroad was criminally negligent in not having the signal bell at the railroad crossing in working order.

In the thirty six hours ending Monday, at 6 p. m., the Panhandle handled, between Columbus and Pittsburg, fifty-five eastbound freight trains and forty-five westbound trains. In the thirty six hours the Panhandle turned over to the Pennsylvania road 170 carloads of live stock and fifteen carloads of dressed meats and other perishable freight loaded in refrigerator cars.

When the roads leading east from Chicago are behaving themselves on rate matters the apportionment they are to carry in tonnage of dead freight is as follows: Baltimore and Ohio, 8 per cent.; Erie, 11.8; Lake Shore, 14.7; Nickel Plate, 8; Fort Wayne, 14.7; Big Four, 5.5; Grand Trunk, 11; Michigan Central, 13.6; Panhandle, 7; Wabash, 6.6. When one of these lines for some time carries more than its allotted tonnage suspicion arises that it is shading rates.

There is every indication that the excursion tomorrow of the electric light employes will be one of the biggest events of its kind of the season. People not in any manner connected with the works are being attracted by the excellent entertaining features of the outing and will help to swell the number of excursionists very materially. The Sentinel yesterday published a list of the athletic and aquatic events which will take place on the island and Sylvan lake.

Mr. and Mrs. Charles Sowder are now "at home" to their friends at 122 West Third street, which place had been furnished and fitted up for occupancy by the groom previous to the wedding. The marriage ceremony yesterday afternoon at the Church of the Redeemer was witnessed by a large portion of the congregation and was one of the most notable events of its character ever occurring within the history of that church. The ladies had decorated the pulpit and church walls in a most beautiful manner, an act of kindness which was duly appreciated by Mr. and Mrs. Sowder and for which The Sentinel has been requested to express their thanks. Mr. Sowder is a Nickel Plate fireman and he will soon resume work on that line.

It is amusing to watch the candidate for license to marry, and it is decidedly an easy thing for one who is about the clerk's office to spot the prospective groom. Some way or another they always have a hang dog look more like a man to be arrested for a misdemeanor than one supposed to soon be one of the happiest fellows on earth.

The best way to prepare a new iron kettle for use is to fill it with clean potato peelings and water, boil them for an hour or more, then wash the kettle with hot water; wipe it dry, and rub it with a little lard. Repeat the rubbing several times after using. In this way you prevent rust and all the annoyances likely to occur in the use of a new kettle.

Around Yellowstone Park.

"A climb up Electric Peak; a ride over Mount Everts; a trip to Yancey's; paddling about Yellowstone Lake; camping out down at Two Ocean Pass; a ride into the Hoodoo country; an excursion down the Madison to Riverside—all these can be made from some one of the hotels as a rendezvous, and take my word for it you will be surprised at the results.

"Make up a party of congenial spirits for vacation time in 1897 and go out to Yellowstone Park and see how much of its 3,344 square miles can be seen before you return. Spend the heated summer season at hotels where the temperature and altitude will allow genuine comfort and recreation."

The above is from a description of Yellowstone Park in "Wonderland '97." This book will be sent to any address by Chas. S. Fee, General Pass Agent, Northern Pacific Railway, St. Paul, Minn., upon receipt of six cents. june17-1t

Nothing succeeds like success, which only means that very well-dressed people naturally give their patronage to those who are the most prosperous. Therefore, slick up that office of yours.

"THE LIGHT OF THE WORLD OR OUR SAVIOUR IN ART"

[illegible]

At the Grand Canyon of the Yellowstone.

"Where the road turns to the left at Grand View, walk out over the summit of a rock at the right itself, sit down on the farthest chimney shelf, over rocks naturally white, but now blackened by weathering. If possible, go there in the morning or in the latter part of the afternoon. At sometime the light is too strong, and the details of the canyon are too shadowed, and the individuality of the walls killed. But with a soft morning or afternoon light every detail of one or the other of the walls leaps out from the general mass as if instinct with life. And what a wonderful sea it is! Its leisurely and terraced in ... A painted sea, red of water but of rock. And such painting! Try to distinguish the decided colors and their infinite variations. The most wonderful part of it is the fine blending, where one fades into another, and yet the contrast defined neither. The beginning nor the ending."

The above is taken from "Wonderland '97," a new tourist book that tells all about Yellowstone Park. Send to Chas. S. Fee, Gen'l. Pass. Agent, Northern Pacific Railway, St. Paul, Minn., six cents and get "Wonderland '97." 1-tf

Of the Johns Hopkins University, Baltimore Md., says in the May number of the Cosmopolitan about the....

Ft. Wayne Feeble Minded Institute

The Following:

"Let anyone inquire into the results which have been produced by Bodily discipline among the feeble frames and feeble minds of a school like that of Ft. Wayne and he would not question what would happen if a like amount of care were devoted to those whom we call the intellectual and well-to-do under graduates in college."

To the care of the body belongs care of the food.
" " " " " food " " " " preparation.
